
FOR IMMEDIATE RELEASE

Ross & Baruzzini Opens Office in Orlando

ORLANDO, FLORIDA (August 26, 2008) – Ross & Baruzzini, Inc. a St. Louis based consulting and engineering firm, is pleased to announce the opening of its Orlando office. The office is located at 7380 Sand Lake Road, Suite 503, Orlando, Florida, 32819; (407) 352-3988.

The Orlando office broadens Ross & Baruzzini's presence in Florida, which already includes an office in Miami. Ross & Baruzzini has been developing security and IT design solutions throughout Florida at most of the major airports including MIA and many of Florida's largest seaports. With the acquisition of William A. Berry in 2007 the firm expanded its offerings to include full MEPFP engineering services.

The office will be led by Nader Sayegh who has twenty plus years of experience in the design and management of special systems projects both nationally and internationally. Prior to joining Ross & Baruzzini, Nader led his own consulting firm and most recently worked for SAIC as a Program Manager and senior level Electrical Engineer.

"This expansion represents a great opportunity for our firm and for our clients," explains Bill Overturf, Senior Vice President of Ross & Baruzzini. "The addition of the Orlando office will allow us to better serve a growing customer base in the state of Florida. Nader will provide excellent leadership for what we expect will be a fast-growing office."

About Ross & Baruzzini, Inc.

Ross & Baruzzini (www.rossbar.com) specializes in providing consulting and engineering design for facilities and infrastructure in healthcare, higher education, government, transportation and facilities requiring 24/7 operations. The firm approaches each new project with a detailed understanding of business processes, facilities and technology requirements to ensure that personnel, equipment, communications and procedures are fully integrated for maximum efficiency and effectiveness. The firm has LEED certified professionals in each discipline and is known nationally for its advanced concepts for energy conservation. Founded in 1953, Ross & Baruzzini is continually ranked as one of the top mechanical and electrical engineering firms in the nation. Along with the offices in Orlando and Miami, the company has regional offices in New York and Indianapolis and corporate headquarters in St. Louis.
