Ross & Baruzzini Appoints Director of Transportation

SAINT LOUIS, MISSOURI, (July 1, 2009) - Allan Shapiro has joined Ross & Baruzzini as Vice President and Director of the Transportation Group. In this role, he is responsible for managing the firm's aviation, seaport, rail transit, and surface transportation practice.

Allan brings to Ross & Baruzzini over 35 years of experience in the transportation field. He recently served as the Senior Transportation Manager for L-3 Communications and previously as the Officer-in-Charge and as the senior transportation management professional for several national architectural, engineering and program management firms.

About Ross & Baruzzini, Inc.

Ross & Baruzzini specializes in providing consulting and engineering on a wide range of transportation, critical infrastructure, commercial, higher education and research, healthcare, and military projects. The firm approaches each new project with a detailed understanding of business processes, facilities and technology requirements to ensure that personnel, equipment, communications and procedures are fully integrated for maximum efficiency and effectiveness. The firm has LEED certified professionals in each discipline and is known nationally for its advanced concepts for energy conservation.

Ross & Baruzzini also is one of the first to utilize Revit® MEP, an intuitive 3D CADD design tool that maximizes the efficiency of design development and construction documentation. Founded in 1953, Ross & Baruzzini is continually ranked as one of the top mechanical and electrical engineering firms in the nation. The company has regional offices in Miami, Orlando, Indianapolis and New York and corporate headquarters in St. Louis. For more information, you can access our website at (www.rossbar.com).
