
FOR IMMEDIATE RELEASE**Michael Robie Joins Ross & Baruzzini as Vice President of Technology Solutions**

Saint Louis, MO – April 8, 2010 – Ross & Baruzzini, a globally recognized engineering and architectural planning, design and consulting firm, has announced the appointment of Michael Robie as Vice President of Technology Solutions. In his new role, Mr. Robie will be responsible for providing strategic direction and guiding new business development efforts for key practice areas of the firm. His primary focus will be to represent Ross & Baruzzini in the US aviation marketplace.

Mr. Robie joins the firm with over 25 years of engineering, design, management and consulting experience. During his ten-year career with United Airlines, Covia Technologies and Siemens, Mr. Robie was responsible for overall leadership of marketing, business development and delivery teams that provided software products and architectural building technology infrastructure consulting services to the worldwide airline and airport construction industry. Most recently he served as an independent consultant delivering professional services including cross enterprise information technology solutions and innovative complex systems strategy, planning, design, implementation, adoption and governance.

"We're pleased to welcome Michael to Ross & Baruzzini. He is a valuable addition to the firm with a wealth of experience and insight that will continue to help us meet the unique needs of our clients," said Craig Toder, President of Ross & Baruzzini.

Mr. Robie holds a BSE degree in Electrical and Computer Engineering from The University of Michigan, Ann Arbor, MI.

About Ross & Baruzzini, Inc.

Ross & Baruzzini (www.rossbar.com) specializes in providing consulting and engineering design for facilities and infrastructure in transportation, healthcare, higher education, government and facilities requiring 24/7 operations. The firm approaches each new project with a detailed understanding of business processes, facilities and technology requirements to ensure that personnel, equipment, communications and procedures are fully integrated for maximum efficiency and effectiveness. Founded in 1953, Ross & Baruzzini is continually ranked as one of the top engineering firms in the nation. The company has regional offices in Miami, Indianapolis and New York and corporate headquarters in St. Louis.
