

FOR IMMEDIATE RELEASE**Richard Kurzawa Joins Ross & Baruzzini as Director of Electrical Engineering**

Saint Louis, MO – June 9, 2010 – Ross & Baruzzini, a globally recognized engineering and architectural planning, design and consulting firm, has announced the appointment of Richard Kurzawa as Director of Electrical Engineering for the Saint Louis office. Kurzawa will provide technical leadership, detailed project planning, and overall organization of electrical personnel resources to facilitate the engineering of projects and processes which meet corporate quality, cost, and scheduling objectives.

Kurzawa brings nearly 40 years of experience of electrical engineering design services. His expertise includes design of large scale, complex educational, health care, institutional, government and commercial facilities. Prior to his position at Ross & Baruzzini, Kurzawa served as Director of Electrical Engineering for Jacobs Global Buildings in Bingham Farms, Michigan. In this role, he was the direct charge of electrical engineering activities for the Michigan office and provided electrical engineering support to Jacobs office locations nationwide.

“Richard is wholly focused on growing and expanding our business while maintaining the level of quality that has helped us become recognized as a top design firm,” remarked Bill Overturf, Senior Vice President at Ross & Baruzzini. “His exemplary track record with client and project management skills will allow us to maintain and attract new clients in the higher education, healthcare and government industries.”

Kurzawa holds a Bachelor of Science degree in Electrical Engineering from Michigan State University and a Master of Business Administration degree from Wayne State University.

About Ross & Baruzzini, Inc.

Ross & Baruzzini (www.rossbar.com) specializes in providing consulting and engineering design for facilities and infrastructure in healthcare, higher education, government, transportation and facilities requiring 24/7 operations.
