
FOR IMMEDIATE RELEASE**Robert Delaney Joins Ross & Baruzzini as Senior Information Technology Program Manager**

Saint Louis, MO – October 21, 2010 – Ross & Baruzzini, a globally recognized engineering and architectural planning, design and consulting firm, has announced the appointment of Robert Delaney as Senior Information Technology Program Manager. He will be working with the Los Angeles World Airports IT Program Management Office based in Los Angeles, California.

Mr. Delaney joins the firm with over 25 years of experience in project management and information technology. His prior employment included a position at Fulton & Coard Inc. in Glenview, Illinois. He is committed to business transformation through process consistency, achievable pragmatic parameters and continuous service quality improvement. Mr. Delaney has a thorough understanding of initiation, development, implementation and operating strategies for Project Management Office processes and governance. His distinctive capabilities are a great asset to the firm.

“Bob has deep experience in project management, contracts and controls for enterprise IT and technology programs with a unique ability to ensure that proposed technology ROI meets the objectives of the customer's business,” said Michael Robie, Vice President of Technology Solutions.

Mr. Delaney holds a Master of Business Administration degree from the University of Illinois – Chicago and a Bachelor of Science degree from Northeastern Illinois University.
