

FOR IMMEDIATE RELEASE**Stan Lamaster Joins Ross & Baruzzini as Senior Project Manager**

Saint Louis, MO – November 2, 2011 – Ross & Baruzzini, a globally recognized engineering and architectural planning, design and consulting firm, has announced the appointment of Stan Lamaster as Senior Project Manager for the firm's headquarters office in Saint Louis. Lamaster will provide project management, business development and senior level design support to the firm.

Lamaster brings nearly 27 years of experience serving primarily the healthcare industry in various leadership roles. His expertise and passion include design of large scale, complex healthcare facilities. Prior to his position at Ross & Baruzzini, Lamaster served as a principal at The Estopinal Group in Louisville, Kentucky.

"Stan brings a wealth of experience in both for-profit and not-for-profit healthcare projects to our firm" remarked Bill Overturf, Senior Vice President at Ross & Baruzzini. "When we couple our expanding healthcare work with the government and Veteran's Administration, as well as, University and private healthcare, we are confident that Stan will continue to propel our growth."

Lamaster holds a Bachelor of Architecture and a Bachelor of Science in Environmental Design from Ball State University.

About Ross & Baruzzini, Inc.

Ross & Baruzzini, Inc. (www.rossbar.com) solves clients' most significant and complex architectural, engineering, and technological challenges. We provide building design solutions – and the systems that bring them to life and put them to work – in ways that are innovative, practical and enduring. Ross & Baruzzini specializes in design for facilities and infrastructure in transportation, healthcare, higher education, government and facilities requiring 24/7 operations. Founded in 1953, Ross & Baruzzini is continually ranked as one of the top engineering firms in the nation. The company has regional offices in Miami, Indianapolis, Chicago, and New York and is headquartered in St. Louis.
